WELCOME

We've been dedicated to revolutionizing the world of HVAC since our inception in 2010. Our journey began with a simple yet powerful vision: to provide a cutting-edge and customer-oriented solutions in the HVAC and controls industry that respond to the demands of the modern, dynamic marketplace.

We are the authorized dealers for Trane Unitary Air Conditioning products in the emirate of UAE and we specialize in design, supply, and commissioning of whole systems for HVAC control, building management systems through our product partners Barcol-Air.

CHAIRMAN'S MESSAGE

Dear Valued Partners, Clients, and Team Members,

I am delighted to extend my warmest greetings to you on behalf of Xtron Group of Companies, your trusted partner in cutting-edge HVAC solutions.

In an era where technology is reshaping the way we live and work, Xtron stands at the forefront of innovation, delivering state-of-the-art HVAC solutions tailored to meet the evolving needs of our clients. With a relentless commitment to excellence, we have consistently pushed the boundaries of what is possible, ensuring that our clients receive not just products, but solutions that enhance efficiency, sustainability, and comfort.

Our journey at XTRON Group of Companies is a testament to the dedication of our exceptional team and the enduring trust of our valued clients. Together, we have transformed challenges into opportunities and obstacles into stepping stones, achieving milestones that have set new industry standards.

As the chairman of Xtron Group of Companies, I am immensely proud of our collective achievements. However, we recognize that the path to success is a continuous one. We remain steadfast in our pursuit of excellence, focusing on relentless innovation, superior quality, and unparalleled customer service.

I extend my deepest gratitude to our clients for their unwavering trust and to our team members for their dedication and hard work. Together, we will continue to revolutionize the HVAC industry, setting new benchmarks and creating a sustainable future for all.

Thank you for being an integral part of the Xtron family. Here's to a future filled with endless possibilities and shared successes.

Warm Regards,

OBAID RASHAD AL SHAMSI
CHAIRMAN

XTRON GROUP OF COMPANIES

A photograph showing a person's hands interacting with a smartphone and a laptop. The laptop screen displays a data table. A pair of glasses is on the desk to the right.

Who are We?

The Group was founded in Abu Dhabi in the year 2010 by Mr. Obaid Rashad Al Shamsi, the current Chairman of the Xtron Group.

Xtron Group has been making a positive impact and forward strides in the HVAC industry since its inception. The company has positioned itself as a leading solution in AC equipment Trading, design, supply and commissioning of HVAC controls & VAVs. With a key focus on customer satisfaction, competence, and dependability, we have quickly gained a strong standing across the Emirates of UAE.

The company's commitment to excellence is evident in its approach to every project. Whether it is providing a customized HVAC solution or supply only of cutting-edge products, XTRON puts the needs of its clients first. With a team of experienced professionals who are dedicated in delivering high-quality work, the company has become a trusted partner for many clients in the region.

Our success can be attributed to its support from the happy client base and its ability to stay ahead of the curve when it comes to industry trends and technological advancements. By continually updating its knowledge and tools, the company is able to provide innovative solutions that meet the unique needs of each client.

The company is registered as an establishment entity with the Department of Economic Development in Abu Dhabi. Further, for operations in Dubai, it also registered with the Dubai Economic Department.

After a decade since its inception, Xtron still remains poised as ever to leap forward. We aim to collaborate with our stakeholders and partners to create an innovative and customer-oriented solutions that respond to the demands of the modern, dynamic marketplace.

To better serve its clients, XTRON will open its doors at 8:30 a.m. and stay open until 6:00 p.m. on weekdays and from 8:30 a.m. to 2:00 p.m. on Saturdays.

MISSION & VISION

Customer satisfaction with unwavering honesty has always been the cornerstone of our concept. Since our company's inception, we have worked to satisfy the needs of both current and potential customers by offering a wide range of the best value and high-quality products, as well as exceptional and individualized end-to-end services and solutions for all their HVAC and building management needs.

Our Mission: To embrace and adopt to the ever-dynamic UAE market and provide our partners with the cutting edge and innovative solutions through our dedication, experience, knowledge, and committed support.

Our Vision: Our vision is to be the leading solution provider in the HVAC industry wherein we adopt the best industrial standards and corporate practices and our stake holders can rely us completely for their growth and success

Our Values: Honesty, Innovate, Integrity, Trust, Commitment

At XTRON , we strongly believe that success is founded on collective achievements and gains. We have, therefore , built our company culture in such a way that it acts as a foundation on which all our employees can reach their full potential, all our customers can benefit from our offerings and all our suppliers can enjoy mutual earnings. Our competency is benchmarked only by satisfied customers who constantly seek us out for our high-quality products , services and solutions.

Products & Solutions

AC Equipment, Building Management Systems, HVAC Control Panels & VFD, Variable Air Volume Units, and Metering Solutions, are the areas of expertise of XTRON. Designing and developing products/systems to create and control the environment in plants & buildings, that make use of minimum energy and provides optimal comfort. All softwares/components selected and used are well tested and proven, which guarantees perfect operation and performance as a whole.

AC EQUIPMENT

We are the authorized dealer for Unitary AC Units of the TRANE brand, who are leading AC Suppliers in the GCC. Trane is committed to delivering sustainable performance, innovation, and knowledge – for the life of your building, and your organization.

A wide range of VRF/TVR Units, Decorative & Ducted Split Units, and Packaged Units are available ex-stock.

Brands: TRANE

» WALL MOUNTED

FEATURES

- Slim and elegant streamline design
- Highly reliability rotary compressor with protection features
- Energy efficient with 4D airflow which improves air distribution
- 3 speed fan option
- Copper tube mechanically bonded to coated aluminum fin
- Super silent
- Flexible 2 way drain pipe connection
- Self cleaning feature/Quick cooling within 30 Seconds
- Operating temperature up to 55
- Durable & comfortable
- Sleep mode / Health intelligence
- 1+5 years warranty

Type: W/T Discharge: Side REF: R-410a Origin: China

» INVERTER WALL MOUNTED UNIT

FEATURES

- Slim and elegant streamline design inverter rotary compressor
- Heat pump
- Energy efficient with 4D airflow which improves air distribution
- 3 speed fan option
- Copper tube mechanically bonded to golden aluminum fin
- Super silent
- Flexible 2 way drain pipe connection
- Self cleaning feature/Quick cooling within 30 seconds
- Operating temperature up to 55
- Durable & comfortable
- Sleep mode / Health intelligence
- 1+5 years warranty

Type: W/T Discharge: Side REF: R-410a Origin: China

» DUCTED SPLIT TOP DISCHARGE HIGH EFFICIENCY

FEATURES

- Compact design indoor ducted units
- High reliability scroll compressor standard for all models
- High efficiency 16 SEER units available in the region
- 4 speed fan option
- Metal fan blade for indoor and outdoor
- Spin fin technology (highest long-term operating efficiencies/Superior heat transfer technology/Greatest corrosion resistance)
- Triple layer drain pan with galvanized steel
- HP & LP standard for all models
- Compatible with BMS
- Long refrigerant piping up to 45 m vertical and 80 m total
- Operating temperature up to 55
- Durable & comfortable
- Health intelligence
- 1+5 years warranty

Type: DS Discharge: Top REF: R-410a Origin: The USA, Mexico

» DUCTED SPLIT SIDE DISCHARGE HIGH EFFICIENCY

FEATURES

- Compact design indoor ducted units
- Highly reliability compressor with protection features (rotary & scroll)
- High efficiency performance with R32 refrigerant
- 4 speed fan option
- Copper tube mechanically bonded to aluminum fin
- Triple layer drain pan with galvanized steel
- Compatible with BMS
- Most environmental friendly /R32 has GWP of 675 which is the lowest in the HVAC residential industry
- Operating temperature up to 55
- Durable & comfortable
- Health intelligence
- 1+5 years warranty

Type: DS Discharge: Side REF: R-32 Origin: Thailand

» DUCTED SPLIT SIDE DISCHARGE

Type DS Discharge Side REF R-410a Origin China

FEATURES

- Compact design indoor ducted units
- Highly reliability compressor with protection features (rotary & scroll)
- Energy efficient
- 3 Speed fan option
- Copper tube mechanically bonded to aluminum fin
- Double anti-corrosion technology
- Internal and external panel insulation to reduce the noise
- Flexible 2 way drain pipe connection
- Safety features available (LP, HP, anti-freeze temp sensor, compressor overload sensor)
- Operating temperature up to
- 55 Durable & comfortable
- Health intelligence
- 1+5 years warranty

» DUCTED SPLIT INVERTER SIDE DISCHARGE

Type DS Discharge Side REF R-410a Origin China

FEATURES

- Compact design indoor ducted units
- Inverter rotary compressor/ Heat pump/ Auto ESP
- Equipped with high efficiency DC Inverter compressor, adjustable fan motor
- 3 speed fan option
- Copper tube mechanically bonded to aluminum fin
- Double anti-corrosion technology
- Internal and external panel insulation to reduce the noise
- Flexible 2 way drain pipe connection
- Safety features available (LP, HP, Freezing temp sensor, compressor overload sensor)
- Operating temperature up to
- 55 Durable & comfortable
- Health intelligence
- 1+5 years warranty

» DUCTED SPLIT UNIT - TOP DISCHARGE (7-22 TON)

Discharge Top REF R-410a Origin Mexico

FEATURES

- High reliability scroll compressor standard for all models
- Energy efficient
- High static motor kit available to improve the air flow
- Microchannel coil Improves the efficiency
- Dual sloped drain pans
- Thermal expansion valve
- Safety features
- Compatible with BMS
- Crank case heater / Convertible air Flow / High pressure control
- Operating temperature up to
- 55 Durable & comfortable
- Health intelligence
- 1+5 years warranty

» PACKAGED UNITS EAC & EBC

Type PKG REF R-410a Origin Mexico

FEATURES

- High reliability scroll compressor standard for all models
- Energy efficient
- Belt driven
- FC centrifugal Fan
- Microchannel coil improves the efficiency
- Sloped drain pans
- Operating temperature up to
- 55 Durable & comfortable
- Health intelligence
- 1+5 years warranty

» PACKAGED UNITS MTZH

Type PKG REF R-410a Origin China

FEATURES

- High reliability scroll compressor standard for all models
- Energy efficient
- Belt driven
- FC centrifugal fan
- Adjustable pulley design
- Copper tube mechanically bonded to aluminum fin
- Safety features
- The widest range available
- Operating temperature up to
- 55 Durable & comfortable
- Health intelligence
- 1+5 years warranty

» AIRFINITY UNITS

Type PKG REF R-410a Origin France

FEATURES

- High reliability scroll compressor Standard for all models
- Energy efficient
- Plug fan, EC motor
- Advanced refrigeration circuit
- Electronic expansion valves
- Safety features
- Compatible with BMS
- CH536 trane controller/Fresh air management and free cooling/Double skin panel
- Operating temperature up to
- 55 Durable & comfortable
- Health intelligence
- 1+5 years warranty

Product

FEATURES

- The World's Largest Single Outdoor Unit Capacity of 32HP.
- Compact Combination Achieving up to 96HP, the Largest in the VRF Industry.
- Powerful Wider Range of 13 Single Module, Meeting any Application Design.
- Compact Product Footprint, Savings Overall Installation Cost.
- Operate in a Wide ambient Temperature Range.
- Highest Number of Indoor Units Connected to a Single Module.
- Energy Management System
- Highly Efficient Compressor
- Secondary Sub - Cooling Loop
- Enhanced Vapor Injection Compressor
- Optimized Heat Exchanger
- Efficient Fan Design With Pressure Control
- Reliability
- Comfort
- Ease of Service

Automation Division

INTELLIGENT BMS & HOME AUTOMATION

BUILDING and HOME AUTOMATION is an essential part when it comes to economically using the power consumptions of the building, which when well-designed, commissioned, and maintained by a specialized service provider. Also, the units when well monitored and scheduled can perform well within its design ratings and any maintenance required can be estimated well in advance. By providing the latest in line of these systems, the distance between the client and their system in operation become of no concern, since the system can be operated from any part of the world through the wifi.

Drastic improvement in power consumption, reduced time & man-hour required for maintenance of the equipment are seen when provided with a state-of-the-art automation system.

Brands: ISMA

Schneider Electric (USA & EU)

HVAC CONTROL PANELS & VFD

All kinds of starter panels, such as DOL, Star/Delta, Soft starters, and Starter panels for variable motors with VFD, DDC panels, and HVAC control panels with power and controls assembled in a single panel can be designed, assembled, and commissioned at the site.

All required standards and guidelines provided by ADDC will be followed for these panels.

Only reputed, tried, and tested brands are used to assemble these panels.

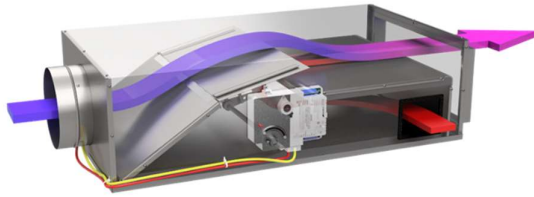

Brands: Schneider Electric

ABB

Siemens

Danfoss

VARIABLE AIR VOLUME UNITS

VAVs are one of the most widely used HVAC units for conditioning the living space. When designed and commissioned by an expert it overcomes many of the issues that are prevalent in other systems. The most noticeable advantages are very low noise level, no chilled water lines, no cold air dumping, very little or no maintenance at all & the air quality in itself is much better.

We are the authorized distributors for M/s. HC Barcol Air products, who are leading VAV and its related controls supplier in the GCC.

Brands: Barcol Air (Netherlands)

ENERGY METERS

We offer supply, testing, and commissioning of the WATER, BTU, and ELECTRICAL meters.

In premise billing system is provided to the client wants the data to be stored in their own database.

A remote billing system can be provided where all the data from the occupant can be remotely stored, monitored, and maintained by us, wherein the client is relieved of the expense, man-hour, and space spent on collecting and distributing the bills to the occupants.
